## Selected Website

### Frank and Oak (clothing brand)

The website is very user friendly and enjoyable. Users with and much knowledge can easily access and place orders. It is also available as mobile app and can fit easily according to different devices. For a article it also shows given colours and also provide information about its qualities (washable, features etc). On clicking a button (e.g. Women) a dropdown menu appears showing all the products available for women only. Also a warranty for 5 years. The overall website is very eye catching. For an article it provide images from all the angles. Website opens directly without any ads which feels disturbing.

## Good / bad composition

### Zara (bad)

\* The colours of website are not eye catching.

\* The pic are too big have to scroll alot

\* Not much information about the product is provided

\* No warranty for a product

### frank and oak (good)

\* The colours of websites feels good to eyes.

\* The pic in website are decent

\* A very detailed explanation for the product is provided.

\* A 5 year warranty for a product is provided

### 5 good Elements about frank and oak

\* decent colours of website (black, white)

\* font size

\* Not too much button only imp one's

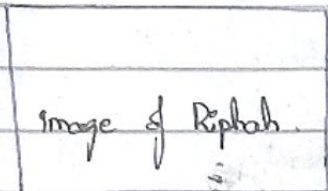

\* quick response

\* NO ads when we open the website
